Numbers are as balance to be electrified as on 31.03.2009 in accordance with DPRs sanctioned under RGGVY, which aims to electrify 1,18,499 villages, whereas Bharat Nirman target is to electrify 1 lakh villages

* Revised Coverage (Provisional)

** Coverage of un-electrified villages in UP has been reduced by more than 3000 villages and therefore no target has been kept for 2009-10. The main reason of reduction is that these villages have been found as already electrified.
